## How to Increase Success In Rooting Cuttings

### Maria Stewart October 21 Program

On October 21st, we will be privileged to hear Dennis Bottemiller of the Rhododendron Species Botanical Garden talk about the variables involved in rooting cuttings and how to increase success with rooting them. Nearly everyone who is interested in plants at some point wants more of them. Cutting propaga-

tion is a great way to get more of the plants you want. The purpose of this talk is to illustrate some of the variables in plant growth, culture and physiology which can be manipulated to your advantage for greater success in getting cuttings to root. While most of the work at the RSBG involves rhododendrons, these principles are important for the propagation of most plants that can be grown from cuttings.

Dennis has been the Propagator and Nursery Manager for the RSBG for the past ten years. While working in that position, he has been rooting cuttings and growing seedlings of plants from around the world. The RSBG is home to the largest collection of species rhododendrons in North America and also has outstanding collections of magnolias, Japanese maples, primula and liliaceae.

## October 21 Species Rhododendron Auction!

# SMITH GARDEN VOLUNTEERS

## HELPING HANDS FOR SMITH GARDEN

Maria Stewart

To keep a garden vibrant and enticing to visitors, there needs to be a group of people dedicated to making decisions and guiding the direction of the garden. The Smith Garden Committee is just such a group of dedicated volunteers. The members of the Committee are:

Dennis Boge, Dick Cavender, Karen Cavender, Anne Gross, Steve Kaminski, Peter Kendall, Kathy Lintault, Roger Lintault, Ginny Mapes, Ron Mapes, Don Patrick, Dorothy Patrick, Donna Sell and Herb Spady. The Chair is Ginny Mapes. Roger and Kathy Lintault also provide publicity for the Garden. Together, the Committee shapes the present and future of the Garden.

Additional helping hands for the Smith Garden are:

Bruce Duffy, who made new large plant labels for the Garden; Anya Averill creates the annual newsletter; Dick and Carol Lundin are the plant propagators. Plants grown from Cecil Smith's plants are especially sought after.

## September Meeting Notes

Maria Stewart

Our meeting on September 16th featured a great speaker, great treats and great conversation.

From the time that a large group of members gathered at the deli for dinner to the second when the last cuttings were grabbed from the table, September's Chapter meeting was a lively evening. President Mike Domaschofsky, dressed in traditional OSU colors, outlined the months ahead. First, he invited us to wear Halloween costumes to October's meeting and bring treats to be shared at each table. Then he reminded us that the Western Regional is coming soon to Florence on October 8-10, where there will be interesting speakers, a big plant sale and lots of friendly people. Dick Cavender told us that the Narcissus Society will join us for our Early Show on the first weekend in

April and that the dual show will run for two days. What a lovely way to welcome Spring at Crystal Springs Rhododendron Garden! Our chapter will again run a booth at the Expo Center in February. That is a venue which gets us out in front of the public and leads to conversations with people who ask, "Is that really a rhododendron? The opportunities to educate and share our love of rhododendrons are many.

Mike Stewart reminded us that all of District 4 is putting on the National Convention at the Heathman Lodge on May 11-15, 2011. He mentioned that planning is going well and urged everyone to think about how they could help with the Convention.

Ginny Mapes, Smith Garden Chair, invited us to

help at the next work party at the Garden. She urged us to think about making the Smith Garden look its best for the Convention in May. Mike Domaschofsky expressed similar thoughts about getting Crystal Springs ready for the Convention.

Our speaker, Dave Eckerd, held our rapt attention as he took us on a garden journey of New Zealand. Many of the plants were fantastically beautiful and Dave's fine photography showed each plant to its best advantage. Dave captured the essence of each garden so well we were tempted to book the next flight to New Zealand.

Dorothy Patrick brought her legendary lemon and also her chocolate sandwich cookies. Thank you to all who brought treats!

## ARS Annual Meeting - 2011

Pull out the calendars and mark the date: May 11-16, 2011 for the next ARS National Convention. The convention will be held at the Heathman Lodge in Vancouver, Wash. just off of I-205, near the Vancouver Shoppingtown Mall.

The Heathman is a beautiful facility and the

room price for those of you traveling is very reasonable. The restaurant there is excellent, and of course the shopping around the corner provides an alternative destination.

**Harold Greer** and **Mike Stewart** along with a cast of others from across the District have

done a great job getting the accommodations and speakers lined up. This meeting is hosted by ARS District 4 Oregon Chapters. Be sure to be ready to register and get rooms when the ARS Convention announcement comes out.

## September Board Meeting

Maria Stewart

On September 21st at 7:30 PM, the Board met at the Van Veen Nursery. There was discussion on several subjects including event planning such as for weddings at Crystal Springs Rhododendron Garden and who should be the supervisor of the persons running those events. We were reminded that the Western Regional is coming up on October 8-10 in Florence. The distribution of paper vs electronic newsletters is a topic that has been visited before at board meetings. We will wait to see what our membership total is before making a decision about the newsletters.

The trophies that Betty Sheedy has won have been donated by her daughter to be used again in Betty's honor. Possibly, they could be used as revolving trophies for Crystal Springs volunteers. Steve Kaminski encouraged members to send him articles for the Chapter website.

### Newsletters: Paper or e-mail?
